England's First Family of Writers

Mary Wollstonecraft, William Godwin, Mary Shelley

Julie A. Carlson

"A riveting and major work. *England's First Family of Writers* witnesses the rare mix of creativity and philosophical rigor that Carlson brings to scholarly writing and thinking about Romanticism and the larger set of relations between living and writing in public culture."
—Theresa M. Kelley, University of Wisconsin–Madison

Romantic Theory

Forms of Reflexivity in the Revolutionary Era

Leon Chai

Winner of the Jean-Pierre Barricelli Prize given by the International Conference on Romanticism

"*Romantic Theory* is experimental and takes risks, but is all the more exciting for that reason. It rescues Romanticism's speculative character from the historicist reductions dominating Romantic criticism in recent years."—Paul Hamilton, University of London
